Abundance © Dee Wirak

Key: C# || BPM: none

In radiant being

Of splendid abundance

Splendid abundance

Resplendent abundance

We are all radiant beings

Of splendid abundance

Now is our chance

To live with abundance

Our brilliance is resilient

Be present in love's dance

Here in abundance

Splendid abundance

Resplendent abundance

We are all radiant beings

Of splendid abundance

Abundance, abundance

Love holds us all

Love holds us all
